REPORT OF SCHOOL BOARD.

The Board of Education present this report of their stewardship to the town of Merrimack, for the school year of 1905--1906.

At the annual district meeting held March, 1905, Agnes McIntire was re-elected member of the school board for the ensuing three years.

An examination of the statistical tables show that the schools have been in session 36 weeks.

With but few exceptions there have been no change in teaching force. The per cent. of attendance for the winter term has been exceptionally good; due largely to the open winter.

From personal observation of the actual work in the school room, your committee are satisfied that faithful and earnest work has been accomplished by both teacher and pupils in all the schools.

During the past year, Supplementary Readers and the American Word books have been introduced.

The school houses in District Nos. 2, 5 and 7, have been thoroughly repaired.

Your committee have received circulars of information from the Department of Public Instruction relating to supervision of schools. Many will remember that this subject was thoroughly explained by State Superintendent Morrison at a recent meeting of Thornton Grange.

Respectfully submitted,

GEO. P. FOSKETT,
JOSEPH H. FOSTER,
AGNES McINTIRE,

School Board.
